## What's New?

### Introducing Litigator™ **The revolutionary practice tool for Canadian Litigators is finally here!**

This new online service will significantly reduce the time it takes litigators in your firm to perform daily tedious tasks such as preparing pleadings, motions, and facta. Take a look at the product demo today! [More...](#)

### Litigator™ Seminars & Webinars **Your firm is invited to attend a seminar or a webinar on the new practice tool!**

Take a look at the schedule and select a session most suitable for you and your firm. [More...](#)

### Abridgment Linking **The new enhancement creates a dynamic link that will take you from an Abridgment digest to all other digests with the same classification. [More...](#)**

### Journals on WestlaweCARSWELL **WestlaweCARSWELL provides users with a comprehensive collection of legal journals on various topics. [More...](#)**

### Reporting System v.2 Enhancements **The new enhancements make it easier for you to navigate the service and provide a more convenient way to download reports. [More...](#)**

### All Sources **Judges' names will be included in Canadian Abridgment digests**

In response to the requests of our customers; all Abridgment digests added to WestlaweCARSWELL beginning this week will include the names of the judges (or other deciders) who presided over the decisions digested. This enhanced citation format will also be provided in the Abridgment eDigests going forward.

### All Sources **Search template enhancements**

Both Terms and Connectors and Natural Language search templates have been upgraded. An updated look and more user-friendly features will make it even easier to add terms, use fields and apply date restrictions to your Terms and Connectors searches. Natural Language users will also find the main search box, fields for required terms, and other restrictions all integrated together into a single screen. These upgrades will also change the Locate in Result and Link Viewer Locate templates.
