

Expert Witness Directory Expansion

Litigator's Expert Witness Directory will be deepening its collection of profiles with the addition of hundreds of thousands of expert witnesses from across the United States.

Updated regularly and programmatically as part of Westlaw's Profiler, this new database of expert witness profiles will be searchable as part of the Litigator subscription. The additional profiles can be accessed by selecting the *Canadian and U.S. directory* as your search source from Litigator's *Find an Expert* template.
