

Bold Labels in Quantum Result Lists

The field labels now appear in bold to make each of the fields stand out in the Quantum search result list.

The screenshot shows the Westlaw search interface. The search term is 'jur(alberta)' and the database is 'childsupp-qt'. There are 267 documents returned. Two results are visible, with the first result highlighted by a red circle. The bold labels in the first result are: **Award (Regular)**, **Award (Extraordinary/Irregular)**, **Basis of Exception**, **Income of Payor**, **Income of Payee**, and **Children**.

The field labels appear bold in the left pane as well:

The screenshot shows the Westlaw search interface with the left pane open. The search term is 'jur(alberta)' and the database is 'childsupp-qt'. There are 267 documents returned. Two results are visible, with the first result highlighted by a red circle. The bold labels in the first result are: **Award (Regular)**, **Award (Extraordinary/Irregular)**, **Basis of Exception**, **Income of Payor**, **Income of Payee**, and **Children**.
