With the addition of these new topics, there are now twenty-five Abridgment eDigests available to customers. [More...](#)

The Canadian Abridgment Poster

A new poster is available that will provide you with a visual guide to using The Canadian Abridgment in print and online.

The poster will aid in understanding the Abridgment suite of products, as well as assist in teaching the many research functions the Abridgment provides. The poster, perfect for posting in a library or computer lab, illustrates The Canadian Abridgment products in relation to the following research tasks:

- To find a particular case
- To find case law by legal issue
- To find the history and judicial treatment of a case
- To find the judicial treatment of legislation
- To find legal literature
- To find case law considering a word or phrase

ReportingSystem v.2

ReportingSystem v.2 now provides you with a more convenient way to look up archival usage data.

Until now, customers were able to pull usage reports for the previous 6 months only. Going forward, users of the Reporting System v.2 will be able to pull usage reports from December 1st, 2005 to date.

Natural Language Search Results

Natural language search results now default to 100 results.

This allows you to see more results within your natural language search without having to adjust your default via your preferences.
